

COPENHAGUE / CPH30

Design by Ronan & Erwan Bouroullec

The tables in the Copenhagen series are minimalistic in essence with clear functional qualities and a perfectly engineered aesthetic expression. The tables are available in stained, soap-finished and lacquered oak with tabletops in veneer, laminate or linoleum in a subtle and stylish colour palette. Featuring an untraditional surface the CPH30 table challenges expectations and helps tell the story of the personal or formal context that the table enters into. Balanced atop the characteristic angled legs, it creates an elemental, yet strong identity that is consistent with the rest of the collection. Ideal for using as a desk or dining table in a meeting room, office or in a private setting.

PRODUCT DETAILS

- / Multi-functional family of tables and benches in different shapes, sizes, materials and colours.
- / Variability of veneer, laminate and linoleum colours and base finishes.
- / Suitable for a wide variety of private and public environments.
